

# STOP U.S.-UKRAINE WAR CRIMES IN DONBASS

Part of the International Day of Action to Stop Genocide of Donbass Residents

Since late January, the Donetsk and Lugansk Republics have faced their worst wartime conditions in nearly two years, as the U.S.-backed Ukrainian government of President Petro Poroshenko escalates terror-bombing of homes, schools, hospitals, and essential services in cities and villages all along the front line.

At the same time, contradictory statements and belligerent actions by the Donald Trump administration in Washington have undermined lingering hopes in Donetsk, Lugansk and neighboring Russia for a significant change in the U.S. posture towards Ukraine that could lead to a de-escalation of the war.

## WE DEMAND:

- **STOP UKRAINE'S ATTACKS ON DONBASS NOW!**
- Kiev must honor Minsk peace agreements
- End U.S. funding and training for the Kiev regime & neo-Nazi groups
- Recognize the Donetsk & Lugansk People's Republics
- International War Crimes Tribunal for Ukrainian Pres. Poroshenko and his accomplices in Washington
